>170 Resources

- **Build on existing trust**
- **Home institution takes responsibility for the digital identities it issues**
- **No formal requirements on IdM, no auditing**
 - **Get them on board and then improve it**
e.g. also with Levels of Assurance
- **Attributes provided have to be correct**
- **Special VHO policy**
 - **special attribute values flag its 3rd party users**

- **studyBranch and studyLevel attributes for students**
- **No coordinated group management across home institutions**
 - **Several universities have a local group management system**
- **Group Management Tool provided for Service Provider centric management of groups**

- **swissEduPerson - based on eduPerson**
 - **Some of its attributes were integrated to SCHAC**
 - **Focus on exchange of attributes across home institutions, no intent to cover local IT needs**
 - **studyBranch and studyLevel based on national standard**
 - **<http://www.switch.ch/aai/attributes>**

- **Pilot with user certificates**
SWITCH head office internally
 - **Part of the Levels of Assurance activities**
- **Missing interest from home institution side (for now?)**
