

stork

- www.eid-stork.eu
- 7 work-packages
- Important ones:
 - WP5 - technology & architecture
 - WP6 - pilots
 - WP2 – law and policy

Stuff to keep an eye on...

- WP2
 - LoA (guess how many levels...)
- WP6
 - Student mobility usecase == €€€€
- WP5
 - Gateway architecture (arrrrrrgh)

Technology

- PEPS (pan european proxy)
 - SAML 2.0
 - Pseudonymity (!)
 - Attribute and LOA translation (!)
- MW
 - Common middleware for european citizen card

What should we do?

- Engage with your local stork rep
- Get working on (post-)pilot student mobility use-case asap.
