# Work in progress (i)

## Done:

- Invitation Package rewritten (total rewrite to make it more concise and readable)
- Terminology change in trusted mailinglist and introduction of new trusted info-sharing list
- PGP key signing by TI of
  - accredited teams' representative keys
  - accredited team keys

## Nearly done:

- Relaunch of TI website ([test.stelvio.nl](http://test.stelvio.nl))

Slide 7

# Work in progress (ii)

- Ongoing: registration of RIPE DB IRT objects for accredited teams
  - 5 teams piloted until Dec 2002: several problems solved
  - Retro-registration since Jan 2003
  - Problems with TI <-> RIPE NCC process solved
  - Teams are registered team-by-team, one at a time
