# Matters discussed in TI Review Board meeting, 29 May 2003 (3)

- When can an organisation be listed on the TI website as a “listed CSIRT”?
- if the TI has reason to believe that the CSIRT exists and is operational, i.e. has a constituency
- health warning to be added: **listing on the TI website does not say anything about the quality and effectiveness of the CSIRT and not even about its trustworthiness**
- requires regular updating of list of “listed CSIRTs” (e.g., removing CSIRTs that are no longer active)
- **Date of next meeting**
- **Amsterdam, 25 September 2003**
