TERENA COMPENDIUM OF EUROPEAN NRENs, 2011

QUESTIONNAIRE

TSec(11)009r2

DEADLINE FOR RESPONDING: 15 JULY 2011

INTRODUCTION

The 2011 TERENA Compendium questionnaire is again based on the 2009 version, which has been somewhat simplified over that of previous years. In some areas, additional questions are asked only if a specific situation applies to an NREN or if the NREN offers a specific service. Where relevant, these questions were agreed upon with the relevant Task Force and GN3 Activity Leaders, in order to avoid overlaps and questionnaire overload. Note that where numbers (e.g.: number of connected institutions by category) are too difficult to obtain for some NRENs, estimates of the approximate number are welcome instead.

Unless otherwise noted, please provide the information as valid on 31 January 2011.

Section A: USERS / CLIENTS

A.1 Please give an estimate of the proportion of the institutions in each category that are served by the NREN with IP connectivity (the ‘market share’).

ISCED is the UNESCO scheme for International Standard Classification of Education:
- Level 6 Second stage of tertiary education (leading to an advanced research qualification). It typically requires the submission of a thesis or dissertation.
- Level 5 First stage of tertiary education. Completion of an education at level 3 or 4 is normally required.
- Level 4 Post-secondary non-tertiary education. This can include, for example, short vocational training programmes.
- Levels 2 and 3 Secondary education (level 2 can also stand for the second level of basic education).
- Level 1 Primary or basic education.
In theory, your Ministry of Education sends information to UNESCO about the educational sector in your country on a regular basis. Therefore, they should be able to tell you what types of institutions in your country fall in which category. They should also know how many institutions of each category there are. More information is available on the ISCED classification can be obtained from the UNESCO website or by downloading the document (in English).

<table>
<thead>
<tr>
<th>Type of institution</th>
<th>Are you allowed to serve this category of institution?</th>
<th>Place a tick in the column that most closely represents the proportion of each category of institution actually connected by the NREN</th>
<th>Comments (if any)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>YES</td>
<td>NO</td>
<td>unknown or N/A</td>
</tr>
<tr>
<td>Universities &amp; Other ISCED 5+6</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
A.2 Please give an estimate of the number of institutions that are actually connected in each category with IP connectivity:

<table>
<thead>
<tr>
<th>Type of institution</th>
<th>Approximate number of connected institutions in each category</th>
<th>Approximate % of this number (if any) that is connected via dark fibre</th>
<th>Comments (if any)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Universities &amp; Other ISCED 5+6</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Institutes of further education (ISCED 4)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Research institutes</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Secondary schools (ISCED 2+3)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Primary schools (ISCED 1)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Libraries, Museums, Archives, Cultural institutions</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Hospitals (other than University hospitals)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Government departments (national, regional, local)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

A.3 Are there any institutions that are serviced specifically by non-IP connectivity (e.g. by providing a VPN infrastructure)?

A.4 If yes, please give details:

A.5 Do you allow institutions to share a connection?

A.6 If yes, please give details:

A.7 Level of IP Connectivity by Institution type:

This table explores the level of connectivity for each type of institution. Please enter a tick or cross to indicate:

i) The lowest capacity at which an institution in this category is connected  

ii) The typical connection capacity for the majority of institutions in this category of institution  

iii) The highest capacity at which an institution of this category is connected.

EXAMPLE:
<table>
<thead>
<tr>
<th></th>
<th>Link Access capacities</th>
<th>less than 10 Mb/s</th>
<th>10 Mb/s or more but less than 100 Mb/s</th>
<th>100 Mb/s or more but less than 1 Gb/s</th>
<th>1 Gb/s or more but less than 10 Gb/s</th>
<th>10 Gb/s or more but less than 40 Gb/s</th>
<th>40 Gb/s or more but less than 100 Gb/s</th>
<th>100 Gb/s or above</th>
</tr>
</thead>
<tbody>

A.8 Please provide a URL that lists the sites that are connected to the NREN, if available and if not already listed at https://confluence.terena.org/x/jIA1AQ:

Remarks or further information regarding this section
Section B: CONNECTIVITY SERVICES

Network & connectivity services

In this section, please provide information about the entire network that is managed by your organisation, excluding links outside your national territory.

B.1 What is the number of PoPs on your network?

PoP: A point on the NREN backbone which can connect client networks or aggregations of client networks such as MANs, or external networks.

B.2 How many PoPs offer IP connectivity (in absolute terms)?

B.3 How many PoPs provide optical connectivity (in absolute terms)?

B.4 In how many places do you have non-CPE L3 routing equipment?

B.5 How many circuits (that carry production traffic, primary or backup) do you manage?

B.6 What is the total kilometric length of dark fibre installed on your network?

B.7 What percentage of the total kilometric length of your network does this represent?

B.8 How many kilometres were added in 2010?

B.9 How many kilometres were decommissioned in 2010?

B.10 Do you have your own DWDM equipment or is it a managed service?

[ ] Own  [ ] Managed service

B.11 What is the current typical core usable backbone IP capacity of your network in Gbit/s?

In the context of this questionnaire the term CORE should be taken to mean usable backbone capacity. If your network does not have a backbone core (for instance because it is a star network) please report the maximum capacity into the central node of your network.

Some NRENs have dark fibre with a very high theoretical capacity. In that case, we would like to know the usable IP capacity.

B.12 Please provide a list of the operational external IP connections you had at the end of January 2011 (usable links excluding backup links):

Note that we are interested in the capacity for production purposes, not in any additional links that may be there for the purpose of giving resilience. Some of your capacity to Europe may be used for transiting to intercontinental services; please do NOT subtract for that.

<table>
<thead>
<tr>
<th>External Network IP Connections</th>
<th>Usable capacity (Mbit/s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Direct to GÉANT</td>
<td></td>
</tr>
<tr>
<td>Indirectly to GÉANT via a specific project or via another NREN (please specify each connection - adding as many lines as needed)</td>
<td></td>
</tr>
<tr>
<td>Direct to NORDUnet</td>
<td></td>
</tr>
<tr>
<td>Direct to other research locations</td>
<td></td>
</tr>
</tbody>
</table>
(e.g. other NRENs, CERN, Starlight, Abilene
(please specify each connection - adding as many lines as needed)

Direct connections to the Commercial Internet excluding Internet Exchanges
(please specify each connection - adding as many lines as needed)

Peerings, connections to Internet Exchanges
(please specify each peering - adding as many lines as needed)

Other – Please specify type

Total:

B.13 Future Developments and Trends

Please give a descriptive outline of the major initiatives that relate to the development of the underlying network that you might expect to see on your network over the next 2-5 years. It would be helpful if you could associate an approximate level of confidence to each of these predictions: QUITE CERTAIN, LIKELY, UNCERTAIN.

<table>
<thead>
<tr>
<th>Initiative / Development</th>
<th>Expected timeframe</th>
<th>Confidence</th>
</tr>
</thead>
</table>

Bandwidth on Demand (lightpaths or point-to-point dedicated bandwidth services at layer 2 or below)

B.14 Do you currently offer or are you planning to introduce a Bandwidth on Demand service?
[ ] NO
[ ] NO, but we are planning to introduce it within the next year or two
[ ] UNSURE - we want to find out first if there is user demand for it
[ ] YES, we currently offer such a service

If YES, how do you provide Bandwidth on Demand services?
[ ] Through manual provisioning processes carried out by the NOC
[ ] Via a provisioning tool (please specify):
[ ] In another way (please specify):

B.15 If you have any on-line monitoring tool or other on-line information, please provide the URL:

Questions relating to the transition to IPv6

B.16 For your NREN, do you foresee any IPv4 address space shortages or problems in the foreseeable future? If so, please give details:
B.17 For your client institutions, do you foresee any IPv4 address space shortages or problems in the foreseeable future? If so, please give details:

B.18 Is a shortage of IPv4 addresses affecting adding new clients or service development (e.g. virtual connectivity services)?

B.19 How many clients (as % of your total number of clients) are provided with IPv4 services only?
How many clients (as % of your total number of clients) are provided with dual IPv4/IPv6 services?
How many clients (as % of your total number of clients) are provided with IPv6 services only?

Cross-Border Fibre (CBF)

B.20 a) CBF links in use as at January 2011

<table>
<thead>
<tr>
<th>End points</th>
<th>USAGE Testing, Production, Project, Backup</th>
<th>Number of lambdas (λ)</th>
<th>Capacity of each λ (Gb/s)</th>
<th>Date entered service</th>
</tr>
</thead>
<tbody>
<tr>
<td>(please add one line for each CBF)</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

b) Planned CBF links

<table>
<thead>
<tr>

<th>USAGE Testing, Production, Project, Backup</th>
<th>Number of lambdas (λ)</th>
<th>Capacity of each λ (Gb/s)</th>
<th>Planned date</th>
</tr>
</thead>
<tbody>
<tr>
<td>(please add one line for each CBF)</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

eduroam

To ascertain level of eduroam deployment, we will use the official eduroam database as a source of information. In order that the compendium reflects an accurate picture of the deployment in your country, please ensure that the entries from your NREN in the database are up-to-date (see http://monitor.eduroam.org/ for more information).

Remarks or further information regarding this section
Section C: TRAFFIC

In this section, we propose a distinction between different types of traffic by source or destination. Please take a look at the figure below, which attempts to illustrate the distinctions in terminology.

T1 – all IP traffic from customer sites and the NREN
T2 – all IP traffic to customer sites and the NREN
T3 – all IP traffic to external networks
T4 – all IP traffic to the NREN

External traffic = all traffic to GÉANT, the commercial Internet, Internet exchanges, etc. (made up of T3 and T4 above)

C.1 Please supply an estimate of the total amount of external traffic in Terabytes in 2010 as defined in the picture above (note that given the definition as outlined in the graph above, T1+T4 should be equal to T2+T3, unless there is a special situation in your NREN – in which case, please explain):

<table>
<thead>
<tr>
<th>flow</th>
<th>TOTAL IP Traffic during 2010 (Terabytes)</th>
<th>Volume of IPv6 Traffic if known during 2010 (Terabytes)</th>
<th>percentage of total IP traffic to / from commercial internet (%)</th>
<th>Percentage of your commercial internet traffic that is exchanged freely through settlement-free peering agreements</th>
</tr>
</thead>
<tbody>
<tr>
<td>T1</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>T2</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>T3</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>T4</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
C.2 What was the volume of traffic to/from your network in January 2011 in Terabytes?

<table>
<thead>
<tr>
<th>flow</th>
<th>TOTAL IP Traffic during JANUARY 2011 (Terabytes)</th>
<th>Volume of IPv6 Traffic if known During JANUARY 2011 (Terabytes)</th>
<th>percentage of TOTAL IP traffic to / from commercial internet (%)</th>
<th>Percentage of your commercial internet traffic that is exchanged freely through peering agreements</th>
</tr>
</thead>
<tbody>
<tr>
<td>T1</td>
<td></td>

</tr>
<tr>
<td>T3</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>T4</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Network Congestion

We would like to get your best estimate of congestion levels. For example, if the MRTG trace of an access line is at the line bandwidth for long periods, or if the router interface shows lots of packet drops, then there's congestion in the access network. That one is obvious. But how do you know if the bottleneck (if there is one) is in the campus LAN? You may need to look inside the campus network, or at least at the ethernet port of their edge router. If a big university cannot use more than ~4Mbps of an E3 or STM-1 access line, they may be limited by a 10Mbps ethernet somewhere in their LAN.

We do expect NRENs to have some idea of the state of their network, particularly on the existence and location of bottlenecks. This could come either from constant monitoring or by using tools like clink or pingplotter.

C.3 Perceived congestion (if any) on your IP network. You are not expected to give precise numbers.

Please give a rough indication of the percentage of institutions that experience congestion because of bottlenecks at the different levels (ie Campus, Metro/Regional Network, Access, Backbone or on external links)

<table>
<thead>
<tr>
<th>% of institutions experiencing no or very little congestion</th>
<th>Campus LAN</th>
<th>Metro / Regional Networks</th>
<th>Access network</th>
<th>NREN backbone</th>
<th>External links</th>
</tr>
</thead>
<tbody>
<tr>
<td>% of institutions experiencing some or moderate congestion</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>% of institutions experiencing serious congestion</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

each column should total 100%
Performance Monitoring and Management

C.4 Do you have traffic statistics on your website? [ ] YES [ ] NO

C.5 If yes, please provide the URL:

C.6 Do you offer other tools for monitoring or troubleshooting the network?

C.7 Do you have an online topology map of your network? [ ] YES [ ] NO

C.8 If available online please give the URL:

C.9 Do you have an online weather map of your network? [ ] YES [ ] NO

C.10 If available online please give the URL:

Optical Circuits

C.11 Are you offering lambdas (wavelengths) to your customers? [ ] YES [ ] NO [ ] Planned

If YES:

C.12 How many static lambdas were live at the end of January 2011?

C.13 How many dynamic lambdas were live on 31 January 2011?

C.14 Is there a separate charge for users that have ordered lambdas from you?

C.15 How long does it take you, on average, to provision a static circuit?

C.16 How many lambdas do you provision that leave your country or NREN?

D.2 Which other technologies (not covered in section B) are made available by you to individual end users?

Security Services

D.3 Are you using a structured format for the exchange of computer incident information (e.g. X-ARF)?
   [ ] YES [ ] NO [ ] Planned

D.4 If yes or planned: which one?

D.5 Are you using network devices for addressing security threats (e.g. routers, firewalls, IDPSs, etc.)?
   [ ] YES [ ] NO [ ] Planned

D.6 If yes or planned: which ones and for what purpose?

D.7 Do you take measures to reduce spam activities (e.g. DNSBLs, DNS SPF records, etc.)?
   [ ] YES [ ] NO [ ] Planned

D.8 If yes or planned: which measures?

D.9 Have you deployed any Honeypots?
   [ ] YES [ ] NO [ ] Planned

D.10 If yes or planned: which ones and for what purpose?

DNSSEC

D.11 Do you have any activities relating to DNSSEC?
[ ] YES - please choose from the options given below (multiple answers possible):

[ ] We operate a signed country-code top-level domain (ccTLD)
[ ] We operate a signed zone for our NREN
[ ] We operate signed zones for our constituency as a service
[ ] We operate validating DNS resolvers for our constituency
[ ] Other (please specify: .... )

[ ] NO

[ ] We do not operate any DNS infrastructure so there is no need for us to do this
[ ] We feel DNSSEC is not important enough for us at this time
[ ] Our constituency is not interested in the topic
[ ] Other (please explain: ...)

Authentication and Authorisation Infrastructure

D.12 Is an AAI provided by the NREN?
[ ] Currently deployed [ ] Planned [ ] Not planned

D.13 Do your users have access to a web single sign-on federation? [ ] YES [ ] NO

D.14 If so, do you operate it? [ ] YES [ ] NO

D.15 Does your federation interfederate?
[ ] NO
   If no: do you plan to interfederate in 2011?
   [ ] YES: please specify how:
   [ ] NO
   [ ] YES: Kalmar [ ] YES: eduGAIN [ ] YES: other (specify):

D.16 You are urged to complete or update the REFEDS survey as necessary at https://refeds.terena.org/index.php/Federations

2-factor authentication¹

D.17 Do you have any activities in the area of 2-factor authentication? If so, please choose from the options given below (multiple answers possible):

D.18 [ ] The NREN and its staff use 2-factor authentication for access to (some of) its services
D.19 [ ] The NREN has research activities relating to 2-factor authentication (please describe:)
D.20 [ ] The NREN offers 2-factor authentication services to its constituency (please describe:)
D.21 [ ] Other (please explain: )

D.22 What kinds of services are protected by 2-factor authentication at the NREN or its constituency?

D.23 Do you know of any activities related to 2-factor authentication within your constituency but not provided by the NREN? If so, please describe:

Digital Certificates

D.24 Do you provide digital certificates for your community?
[ ] Currently deployed [ ] Planned [ ] Not planned

D.25 Do you operate a Certification Authority independent of or in addition to the TERENA Certificate Service?
[ ] YES [ ] NO

¹ For more information, contact TF-MNM or visit http://www.terena.org/activities/tf-mobility/
If YES:

D.26 [ ] This CA is operated by us
D.27 If so: is the CA accredited by a PMA?
[ ] NO [ ] YES
If yes: [ ] IGTF [ ] eduPKI PMA [ ] others:
[ ] The certificates are provided by a commercial CA
[ ] The certificates are provided in another way

D.28 Does the CA issue server certificates? [ ] YES [ ] NO
D.29 If YES: number of valid certificates outstanding on 31 December 2010:
D.30 Does the CA issue personal certificates? [ ] YES [ ] NO
D.31 If YES: number of valid certificates outstanding on 31 December 2010:
D.32 Does the CA issue code signing certificates? [ ] YES [ ] NO
D.33 If YES: number of valid certificates outstanding on 31 December 2010:
D.34 Does the CA issue CA certificates? [ ] YES [ ] NO
D.35 If YES: number of valid certificates outstanding on 31 December 2010:
D.36 Does the CA issue short-term certificates? [ ] YES [ ] NO
D.37 If YES: number of valid certificates outstanding on 31 December 2010:

Housing, Storage, Hosting and Content Delivery Services

This table explores the level of deployment for each type of service. Please enter a tick or cross to indicate if services are currently deployed, planned or of no interest to your NREN.

<table>
<thead>
<tr>
<th></th>

Supporting Group Collaboration

Sometimes the term 'Virtual Organization' is used to refer to collaborative groups. Such groups can serve individuals from more than one home institution, so the group is not bound to a single institution.

### D.63

<table>

Does your NREN run a platform of bundled services for collaborative groups of users?

If you are currently running OR planning such a platform:

### D.64

What size are your target groups?

- [ ] small (up to 7)
- [ ] medium (up to 20)
- [ ] large (up to 100)
- [ ] larger

### D.65

What services are/will be bundled into the platform?

- [ ] Wiki
- [ ] Document Store
- [ ] Calendar
- [ ] Appointment Planning
- [ ] Mailing List
- [ ] Other, please specify: ..................

### D.66

Are/will the bundled services be federated?

- [ ] YES
- [ ] NO

### D.67

What is the charging model for the bundled services?

- [ ] they are free
- [ ] they are partially subsidised
- [ ] all costs are fully recovered

### D.68

Please describe how any tariffs are applied:

---

**Multimedia repositories and streaming**

### D.69

<table>
<thead>
<tr>
<th>Currently deployed</th>
<th>Planned</th>
<th>Not planned</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Does your NREN run a multimedia content repository service?

If you are currently running a multimedia content repository service:

### D.70

Please give the URL of the repository:

### D.71

Is video sharing/upload by users possible?

If current or planned

### D.72

Who can upload content to the repository?

- [ ] NREN only
- [ ] mostly everybody (also students)
- [ ] mostly lecturers/teachers/researchers
- [ ] limited set of people per institution (e.g. people responsible for multimedia)

### D.73

Is metadata exchange with external content aggregators possible?

### D.74

If current or planned, what
technology/protocol is used for metadata exchange?

[ ] OAI-PMH
[ ] REST
[ ] RSS
[ ] Open API based
[ ] Other, please specify: …

D.75 Is live streaming service offered?

D.76 How many objects are stored in your repository?

---

**e-Learning**

D.77 Do you provide an e-learning service?

[ ] Currently deployed
[ ] Planned
[ ] Not planned

D.78 If current or planned, please provide URL of your e-Learning service: …………………

D.79 Please describe e-Learning standards that are followed: …………………

---

**Networked e-Science Resources**

<table>
<thead>
<tr>
<th>D.80</th>

---

D.88 Have you connected other e-Science resources to your NREN (e.g. telescopes, cubic kilometre arrays, etc)?

[ ] Currently deployed  [ ] Planned  [ ] No

D.89 If current or planned, please specify what kind of resources and give us links to the services provided, if any:
Clouds

D.90 Do you offer cloud services?

[ ] Yes [ ] Planned [ ] Not planned

If YES:

D.91 Do you offer cloud services provided / leased by a commercial cloud provider to your NREN?

[ ] Google apps
[ ] Microsoft
[ ] Rack space
[ ] Services developed and hosted by the NREN
[ ] Other (please list):

What is the size of your cloud service offering? Please specify:

D.92 What is the number of cores?

D.93 What is the storage volume?

D.94 How are your cloud services located?

[ ] They are in a single facility
[ ] They are distributed

D.95 To whom is this service addressed (NOCs, end-users, laboratories, etc.)?

D.96 What kind of resources do you offer?

[ ] Computing
[ ] Storage
[ ] Software as a service
[ ] Other, please specify: …

D.97 How do users manage the virtualized resources allotted to them?

D.98 How are resources allocated to users?

[ ] First come first served
[ ] Through a quota mechanism
[ ] Via a system of user credit
[ ] Other: …

D.99 How do you manage the virtualized infrastructure?

[ ] We do this ourselves
[ ] We have a contract with a commercial company
[ ] We have rebranded a commercial service we have a contract with
[ ] In another way:

D.100 Do you offer permanent storage outside the individual virtual machines?

[ ] YES [ ] NO

D.101 Do you provide distributed computational frameworks (e.g., Hadoop) to your users?

[ ] YES [ ] NO

D.102 What cloud Storage interfaces do you provide to users?

[ ] Amazon S3 or other with S3-compatible API
[ ] None
[ ] Other: please specify …. 

D.103 Are the virtualized services accessible via an API?

[ ] YES [ ] NO

D.104 If yes, which one(s)?

D.105 Have you developed management tools for your services?

[ ] YES [ ] NO

D.106 If yes, are they available, and from where?
D.107 What kind of Cloud Storage services do you use as your own storage back-end?
   [ ] Amazon S3 or other with S3-compatible API
   [ ] None
   [ ] Other: please specify ....

User interaction

D.108 Do you organise national user conferences? [ ] YES [ ] NO
D.109 Do you organise training courses and/or workshops? [ ] YES [ ] NO

Further services

D.110, D.111, D.112 Do you provide any broker or proxy services?
   [ ] YES, joint procurement of software and software licenses
   [ ] YES, joint licensing for digital libraries
   [ ] YES, joint procurement of equipment or negotiation of preferential rates for users or end users
   [ ] YES, other services (please list:)
   [ ] Planned:
   [ ] NO

D.113/D.114 Do you provide premium professional services?
   [ ] YES, consultancy services
   [ ] YES, security audits
   [ ] YES, other services (please list:)

D.115 Are you planning to introduce any other new services in 2011? If so, which?

Remarks or further information regarding this section:
Section E: FUNDING AND STAFFING

Please do not hesitate to use as much space as needed here to clarify your national situation! Please let us know if you think your budgetary situation is special in comparison to other NRENs. That can help in presenting the data to the outside world in a way that at least shows the complexities of working with this figure.

E.1 Is your budget year equal to the calendar year?  [ ] YES  [ ] NO

E.2 If NO, please provide the dates between which the budget runs:

E.3 What was your organization’s total budget for 2011 (or 2010/2011)?
   (please use millions of euro at the current exchange rate)

E.4 How much of the 2010 budget was dedicated directly to NREN activities?
   (please use millions of euro at the current exchange rate)

Note NREN Activities: Some NRENs provide services only to the Research or Education communities in their country. Others provide services to other sectors as well, for example because they administer the country-code tld.

In order to permit like-for-like comparisons in this section, please regard ‘NREN Activities’ as those activities. For the sake of comparability, we would like to ask you to provide information only about the activities for the Research or Education communities in your country in this section.

E.5 What is your organization’s total budget for 2011 (or 2011/2012)?
   (please use millions of euro at the current exchange rate)

E.6 How much of the 2011 budget is dedicated directly to NREN activities?
   (please use millions of euro at the current exchange rate)

E.7 Is your organization able to develop multi-annual budgets or multi-annual plans?  [ ] YES  [ ] NO

E.8 If YES, please briefly describe how this operates

E.9 Do you make your corporate strategy and/or business plan available on-line?  [ ] YES  [ ] NO

E.10 If so, please provide the URL:

E.11 What changes, if any, do you foresee in your funding base in the next 3 to 5 years?

E.12 Please give an estimate of the sources of your NREN-related income (for 2010 or 2010/2011)

<table>
<thead>
<tr>
<th>Source</th>
<th>Percentage of income</th>
</tr>
</thead>
<tbody>
<tr>
<td>Users/clients</td>
<td></td>
</tr>
<tr>
<td>Government/public bodies</td>
<td></td>
</tr>
<tr>
<td>The EU (e.g. for Framework Programme projects)</td>
<td></td>
</tr>
<tr>
<td>Other sources</td>
<td></td>
</tr>
<tr>
<td>All of the above should total to 100%</td>
<td></td>
</tr>
</tbody>
</table>

E.13 Does this budget include the amount of the EU subsidy for GN3 that your NREN receives? [ ] YES [ ] NO

E.14 How do you charge your clients?
[ ] We do not charge them directly
[ ] We charge a flat fee, based on bandwidth
[ ] We charge a traffic-based fee
[ ] We use a combination of flat fee and usage-based fee
[ ] Other (eg. some, but not all, please explain):

E.15 What is the total number of paid staff directly employed by your organisation (not outsourced)?

Please do not include staff that is entirely working for activities not directly related to networking for research or education, eg. the budget for activities such as Domain Name registration services for parties outside the NREN.

About subcontracted staff: this may be difficult for some to answer, for example because you have subcontracted services and do not really need to know how many FTEs are needed for providing the service. If this is the case, then please try to give an estimate and note your problems in the remarks section. We need this information in order to allow some comparison between NRENs.

E.16 What is the number of staff engaged in NREN activities (see explanation above)?

E.17 Some of the staff could be working part-time. We would like to know the number of staff as given above, but in full-time equivalents (FTEs):

E.18 On average, how many people (in FTE) are working for the organisation as subcontractors or on outsourced basis (for NREN activities)?

E.19 Please provide a breakdown of the staff engaged in NREN activities (in FTEs):

<table>
<thead>
<tr>
<th>Breakdown of staff working on NREN activities directly employed by your organisation:</th>
<th>Breakdown of personnel working on NREN activities but employed by others (outsourced):</th>
</tr>
</thead>
<tbody>
<tr>
<td>NOC</td>
<td></td>
</tr>
<tr>
<td>Other Technical staff</td>
<td></td>
</tr>
<tr>
<td>Administrative and financial staff</td>
<td></td>
</tr>
<tr>
<td>User support and training staff</td>
<td></td>
</tr>
<tr>
<td>Others not included elsewhere</td>
<td></td>
</tr>
<tr>
<td>Total (should be the same as above)</td>
<td></td>
</tr>
</tbody>
</table>

E.20 Please give an indication of the main expenditure categories in your budget (for 2010 or 2010/2011).

<table>
<thead>
<tr>
<th>Expenditure category</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Salaries and general office costs</td>
<td></td>
</tr>
<tr>
<td>Equipment (switches, routers etc.)</td>
<td></td>
</tr>
<tr>
<td>Transmission capacity (IRUs, leased lines, optical equipment etc.)</td>
<td></td>
</tr>
<tr>
<td>Other</td>
<td></td>
</tr>
</tbody>
</table>
Please indicate how much of the following network levels (equipment + transmission capacity + manpower) are paid for through the NREN budget (and not by some other body): (please mark n/a if this level does not exist in your network)

<table>
<thead>
<tr>
<th>Level</th>
<th>Percentage of your budget that is spent on this</th>
<th>Estimated percentage of the total cost of this that is paid through the NREN budget</th>
</tr>
</thead>
<tbody>
<tr>
<td>External connections</td>
<td></td>
<td></td>
</tr>
<tr>
<td>NREN backbone</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Access network</td>
<td></td>
<td></td>

<tr>
<td>Metropolitan or regional</td>
<td></td>
<td></td>
</tr>
<tr>
<td>networks</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Campus LAN</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Remarks or further information regarding this section:
Section F: BASIC INFORMATION

F.1 Full name of the organisation (in English):

F.2 Full name of the organisation in the national language(s) *(please use the Latin alphabet):*

F.3 Abbreviation in English (if applicable):

F.4 Abbreviation in the national language(s):

F.5 Visiting address:

F.6 Postal address (if different from above)

F.7 Country:

F.8 Fax:

F.9 Phone:

F.10 General e-mail address:

F.11 Website:

F.12 Year the first research network operations started:

F.13 Year in which research networking was started as a dedicated organisational unit:

F.14 Year in which the NREN was founded in its current form:

F.15 If you have a short description of the history of your organisation on your website, please provide a URL to it:

F.16 Form of organisation:
   [ ] Separate legal entity in its own right
   [ ] Not a separate legal entity and also not part of a larger organisation
   [ ] Not a legal entity of its own, but part of a larger organisation.

F.17 If so, please give the name of the parent organisation (in English):

F.18 What is the formal relationship between your organisation and your government?
   [ ] We are a government agency or part of a ministry
   [ ] The Government appoints at least half of the members of our Governing body
   [ ] There is an indirect relationship *(for example if at least half the members of your Governing body are appointed by research and education institutions that in itself are (largely) government-funded)*
   [ ] No formal relationship
   [ ] Other. If so, please explain:

F.19 Please briefly describe the governing structure of your NREN (in terms of members, governing body, decision making process, etc.):

F.20 If you have a description of your governing structure on your website, please give the URL:

---

F.21 Do you have a Connection Policy [ ] YES [ ] NO

F.22 If YES – Please give the URL for the Connection Policy:

---

F.23 Do you have an Acceptable Use Policy? [ ] YES [ ] NO

---
F.24 If YES please provide the URL for the AUP:

F.25 Has your AUP been changed in the last year?  [ ] YES  [ ] NO
F.26 If YES, please summarize briefly how it has changed

F.27 Do you have a Security Policy?  [ ] YES  [ ] NO
F.28 If YES – Please give the URL:

F.29 Do you request your connected sites to sign Terms and Conditions in addition to the CP and AUP  [ ] YES  [ ] NO

F.30 Does your NREN have an environmental policy for efficient use of power, recycling etc.?  [ ] YES  [ ] NO
F.31 If available online please give the URL:

F.32 Has your NREN carried out a greenhouse gas audit, or does it plan to do so?  
[ ] Yes  [ ] No  [ ] Planned

F.33 We would appreciate it if you would be able to give us a short description of major changes that occurred in your organisation and/or services during the past year or that you foresee for the coming year (structural changes, changes in your mandate or remit, major technology upgrades, changes in the user base, etc.)

F.34 We would be interested in receiving your feedback, both regarding the Compendium 2010 and this questionnaire. Both general comments and specific comments (e.g. about questions that you found difficult to understand or to answer or of limited value) would be appreciated.

F.35 Who can we contact with further questions regarding the Compendium?¹
(First name, last name, e-mail address: )
