This building is located in the campus (Campus Nord) of UPC (Universitat Politècnica de Catalunya). It is between the main office of Barcelona Supercomputing Center and the building housing Mare Nostrum, our supercomputer. The meeting will take place in the building in the middle of the photo below:
It is marked as ‘Rectorat’ on the picture below:
How to get there:

A taxi from the El Prat Airport should take more than 20 min. The fare is over 25 Euros. The meeting location is on the side of the city adjacent to the airport and near one of Barcelona’s ring roads.

If you arrive to T1 you can also take a city shuttle bus. Get off at the first stop (Espanya) and take metro Line 3/Green towards Zona Universitària. Get off at the second last stop (Palau Reial, one stop after Maria Cristina).

If you arrive to T2, you can take the airport shuttle to T1 and follow the directions above. Alternatively, follows the signs for the train station and take a train (any train) to Barcelona Sants Estació. From there, take metro L3/Green to Palau Reial (as explained above).

On arrival

If you arrive by metro to Palau Reial, leave the station taking the right hand side exit. Walk up a hill, away from the Diagonal (the big road) along the wall of a park until you arrive to this point:

The entrance to the Rectorat is on the right.
Pass a lake with ducks and you will see this building:

Our meeting room is on the first floor.
