Can you also use the materials?

The materials are copyright TERENA. Use (e.g. for workshops at national level) is permitted provided you ask TERENA for permission (info@ist-transits.org) and report on the use.
My question now.....

In every TRANSITS training course we can accommodate 20 trainees. The first three workshops were slightly oversubscribed, but in the workshop in Hamburg we had only 15 trainees.

Have we “exhausted the market”?

What can we do to attract more participants?
Very concretely.....

Question to each of you:

Can we (realistically) expect that one or more staff members of your CSIRT will attend a TRANSITS training course between now and summer 2005? If yes, how many?
