But Klaasen

Ministry of Security and Justice
Netherlands

National Coordinator for Counter Terrorism

05/2012
• What is 'terrorist use of the internet'?

• How does the project work?

• What challenges we face?

• Internet as a target
  • Internet as weapon
  • Internet as a resource

• Public-private
  • Open dialogue
  • Trusted setting

• IFreedom?
  • Good and bad practices
1. Social media (YouTube, Facebook, blogging sites)
2. Secondary forums (ideological sites)
3. Core forums for jihadist elite (deep web)

Propaganda

Radicalisation
The project, the way we work
The Clean IT Project
Fighting the illegal use of internet

- GENERAL PRINCIPLES
- BEST PRACTICES
