New Content on the Web

Public Web Page – Your Language

• We will publish information about TI on the public web page in your language(s) based on countries!
• Is not that difficult:
  – Based on fixed template
  – Reviewed by another native speaker
• Will include list of teams of a country!
Public Web Page – Your Events

• We will publish information about events on request!

• But certainly some policy considerations have to be respected:
  - Submitted/supported by accredited teams
  - No roadshows/marketing events
  - Events must address multinationals issues or be in English
